**CITY OF BOSTON  
BOSTON FIRE DEPARTMENT  
Draperies and Decorative Materials  
Theatrical Haze  
FIRE REGULATION  
INFORMATION**

**Draperies and Decorative Materials**

The Boston Fire Department requires a sample of **all** soft goods (drapes, scrims, riser skirting, banners, logos, advertisements, dressing room furnishings, decorations, wall hangings, props, etc.) intended for installation in any venue or public assembly facility in the city of Boston. This sample must be submitted to the Boston Fire department for testing prior to the issuance of a usage permit. Fire retardant/flameproof certificates from other states (including CA, and NY) **will not be accepted as a substitute for testing by the Boston Fire Department.** All Soft goods must meet or exceed NFPA 701 and BFD IX - I. There are no exceptions to this requirement. Failure to receive usage permits will result in the inability to install the soft goods.

In order to comply with this regulation, a one foot square (1' x 1') sample from **each** soft good is required to be submitted along with the application and a copy of the manufactures (i.e. Rosebrand, etc) fireproofing certificate. Applications and samples are due **no later than two weeks prior to the performance date.** We will submit the application along with your sample(s) to the Boston Fire Department. We are not responsible for samples received after the two-week deadline or those which do not meet or exceed NFPA 701 and BFD IX-I. We understand the difficulties this may cause some touring productions, but non-compliance is not an option.

**All Samples should be sent to:** BOHV LLC  
C/O Runner / Curtain Samples / Show Name  
36 Bay State Rd.  
Cambridge, MA 02138

*Please include the name of the production, venue, and the performance date with the samples.*

**Theatrical Haze**

Use of hazers or theatrical producing smoke requires permitting by the Boston Fire Department. Application F.P.D 19 – Application for General Permit is required to be filed 2 weeks prior to your event along with the Material Safety Data Sheet for the Fluid utilized by your hazer. You must provide the **make and model number** of the device you intend to use, and the **name and amount** of the chemical used to produce this effect. Provided we receive this information no later than two weeks prior to your show date, we will obtain the necessary permit. **Hazers are not permitted in nightclubs.**

We apologize for any inconvenience this may cause, and will help you in any way we can to obtain the required permits. Thank you for your cooperation.

**CITY OF BOSTON  
BOARD OF HEALTH  
BOSTON FIRE DEPARTMENT  
NO – SMOKING REGULATION  
INFORMATION**

**SMOKING**

Per order of the City of Boston, Board of Health and the Boston Fire Department, the **PARADISE** is a **NO-SMOKING** building. Please inform your Staff, Performers, Road Crew and Drivers of this no-smoking policy, as it will be strictly enforced.

# No Smoking

It is illegal to smoke in this establishment.

To report a violation, call the  
Boston Public Health Commission  
at 617-534-4718.

By order of the Board of Health Clean Air Works  
Workplace Smoking Restrictions, 2002
